

Project Profile

Dell Children's Medical Center / Austin

Architect: Karlsberger Architecture

Interior Designer: Karlsberger Architecture

Square Footage: 470,000 sq.ft.

LEED Certification: Platinum

Awards: 2007 StarNet Award, Health Care category

Products Used: Johnsonite, Altro, Roppe, Ardex. More than 50 different flooring products and 176,000-plus lineal feet of hand-cut seams in linoleum patterns and insets. Raised access flooring with under floor air delivery. Carpet with recycled content and backing made from recycled soda bottles.

Other Services Provided: Recycled fly ash used in the concrete mix created challenging installation. LEED consultation on flooring products.

Description: Project is first Platinum LEED health care facility in U.S. and one of only a few worldwide. Intertech helped the hospital earn additional LEED points by choosing flooring adhesives with very low or zero volatile organic content. For most areas, Intertech installed a natural linoleum floor applied with green label.
